## Criteria for Acceptance :

Acceptance at DBS is based upon the following criteria:

1. Availability of places.
2. The schools priorities for accepting new students:
  1. 1st - Children with siblings already enrolled at the school and children of alumni parents and staff members.
  2. 2nd - Children of new families.
3. The applicants' developmental level relative to the expectations of the school for a given grade:

Performance on the admissions examination (s).

Past academic performance.

Behavior/Attendance information and recommendations from former school(s). Past DBS records if the student wishes to return to DBS after an absence.

The extent to which the applicants' educational needs and learning style match the program that DBS is able to provide.

Other factors which may lead the evaluators to believe that the student will be successful or unsuccessful at Dasman Bilingual School.

## Important Notes :

Having a sibling at DBS or being a child of alumni parents does not guarantee enrollment. Enrollment at DBS is strictly based on the result of admission assessment. Please note that although DBS always contacts parents to inform them about the outcome of an admission assessment and the status of an applicants' pending application the school may keep some information / references confidential, and will not always be able to provide detailed reasons to parents regarding why their child/children was or was not accepted. The school reserves the right to deny admission to any student(s) if the DBSs Officers believe that it is in the best interest of the school or the student to do so. DBS only admits students for whom it can provide an education. At DBS, we can offer admission to students with mild cases of special needs, but NOT with behavior issues. The school maintains the right to refuse admission to students not meeting the academic requirement or show lack of willingness to abide by the code of conduct of the school.
